## SUPPLIER DIVERSITY

TRI Industries is committed to helping companies identify value and improve efficiencies for procurement, sourcing, and vendor management functions through collaborations, innovation, diversity, and partnerships.

*“I worked directly with Stacy and Sherry at Vulcan Utility Signs for several years before they established Tri Industries, and the characteristics that always stand out to me are their passion to serve their customers, their knowledge of the Oil & Gas market and most importantly their honesty and integrity. When they left to start Tri Industries, we didn’t hesitate to have them continue representing Vulcan in a new capacity. If I was looking for a diversified business partner, I would put my trust in Tri Industries.”*

*- Vulcan Utility Signs*

*“After working with Stacy Holland for over a decade, and now TRI, the professionalism shown is something that other companies should aspire for!!”*

*- Enbridge*

*“Tri-Industries provides the care and concern that I look for in a supplier. Their quick response and effort to ensure we have our needs met is what makes them a valuable partner.”*

*- Southern Star*
